PROFESSIONAL SUMMARY

A highly motivated and aspiring Software Engineer with a strong foundation in development, software testing, and problem-solving. With hands-on experience in both manual and automated testing, I have contributed to the delivery of high-quality software, focusing on identifying and resolving defects to enhance the user experience. Additionally, I have been involved in development tasks, gaining exposure to various frameworks, tools, and methodologies. I am passionate about delivering impactful tech solutions and eager to continue growing within the tech industry.

EDUCATIONAL QUALIFICATIONS

Date	Qualification / Certificates	Institution
March 2023 - June 2024	Software Engineering Certificate	WeThinkCode_
February 2023 - June 2024 August 2024 - September 2024 August 2024 - October 2024	Full Stack Developer Certificate AI Career Essential Certificate Virtual Assistance Certificate	ALX Africa
March 2024 - July 2024	Web Developer Certificate	SheCodes
March 2022 - December 2022	Basic Electrical Engineering Practicals	St Aquinas Private FET College
February 2020 - June 2021	N3 - N4 Certificate, Electrical Engineering - Heavy Current	Tim Brown Electrical Work
January 2019 - December 2019	Matric	Hendrick Makapan High School

Soft Skills

- **Strong communication skills:** Effectively convey technical concepts to diverse audiences.
- **Problem-solving abilities:** Skilled in analyzing and resolving complex challenges.
- **Team player:** Collaborative and empathetic, fostering a productive team environment.
- **Adaptable and eager learner:** Quickly adapt to new technologies and workflows.
- **Detail-oriented:** Deliver clean, efficient, and maintainable code.
- **Time management:** Proven ability to prioritize tasks and meet deadlines under pressure.

Technical Skills

Programming Languages

- Java, Python, SQL, C#, ASP.NET, JavaScript, TypeScript, Vue.js

Testing Tools

- JMeter, Postman, IntelliJ, Trello

Development Tools

- VS Code, Visual Studio and IntelliJ

Frameworks

- .NET Framework, Quasar

Databases

- MySQL, Firebase

Version Control

- Git

Skills

- Manual Testing, Automated Testing, Debugging, Code Review, Problem Solving, Quality Assurance, REST APIs, Object-Oriented Programming (OOP)

EMPLOYMENT HISTORY

(Starting with recent position)

Employer Name	Q Link Holdings
Title	Software Development Intern
Start Date	September 2024
End Date	December 2024

Description	<ul style="list-style-type: none"> • Conducted manual and automated testing for software applications, ensuring functionality, performance, and reliability. • Collaborated with testers and developers to identify and resolve software defects. • Utilized Newman to generate detailed test reports for Postman API tests, tracking and documenting results. • Used C# with Selenium for automated web testing, ensuring the accuracy of UI interactions and functionality. • Employed Chai.js or JavaScript for creating and running Postman tests, validating API endpoints and responses. • Developed front-end applications using Vue.js and Quasar, creating responsive and user-friendly interfaces. • Ensured proper documentation of testing processes, defects, and resolutions for easy reference and follow-up. • Contributed to enhancing software quality and performance, ensuring applications met functional and performance standards.
